

## Content

### Chapter 1: ONE WORLD – DIFFERENT PERSPECTIVES

1.1 The structure of our earth .....	3
1.2 The plates of our earth.....	3
1.3 The topography (landforms) of our earth.....	4
1.4 The climatic and vegetation zones of our earth.....	5
1.5 The vegetation zones of our earth .....	5
1.6 The cultural make-up of our earth.....	6
1.7 The socio-economic and political make-up of our earth .....	7

### Chapter 2: WEATHER AND CLIMATE

2.1 How to draw a climatic graph .....	9
2.2 World climates .....	9
2.3 The tropical (hot) zone .....	10
2.4 The warm temperate (subtropical) zone .....	12
2.5 The cool temperate zone .....	13
2.6 The cold (polar and subpolar) zone .....	14
2.7 The global wind and pressure systems (atmospheric circulation) .....	15
2.8 Case study: El Niño.....	16

### Chapter 3: BIOMES AND ECOSYSTEMS

3.1 Tropical rainforests .....	19
3.2 Tropical grasslands (savannahs).....	20
3.3 Hot deserts.....	20
3.4 Mediterranean (warm temperate region) .....	21
3.5 Temperate grasslands (steppes).....	22
3.6 Temperate deciduous forests .....	22
3.7 Coniferous forests.....	23
3.8 Tundra .....	24
3.9 The biomes of our world.....	25

### Chapter 4: POPULATION

4.1 Population growth .....	26
4.2 Population distribution and density .....	29
4.3 Population structure .....	30
4.4 Population migration .....	30
4.5 Migrant workers.....	32

### Chapter 5: BASIC ECONOMICS

5.1 Scarce resources – unlimited wants .....	33
5.2 Production factors .....	33
5.3 Basic economic decisions.....	34
5.4 Market and prices: supply and demand.....	35
5.5 Economic growth – economic cycle .....	38
5.6 Division of labour .....	39
5.7 Globalisation and economic disparities .....	39

### Chapter 6: THE USE OF RESOURCES AND LAND

6.1 The carrying capacity of our earth .....	44
6.2 The ecological footprint.....	44
6.3 The classification of resources .....	46
6.4 The exploitation of natural resources .....	47
6.5 Case study 1: Deforestation in the Brazilian rainforest .....	48
6.6 Case study 2: Desertification in the Sahel region .....	51
6.7 Case study 3: Water – a scarce resource.....	55
6.8 Case study 4: Oil in Alaska .....	57

### Chapter 7: NATURAL HAZARDS – CASE STUDIES

7.1 Flooding in the USA – The destruction of New Orleans.....	59
7.2 Flooding in Bangladesh .....	61

Worksheets .....	64
Glossary .....	76
